Petrolün Oluşumu ve Jeolojik Yayılışı

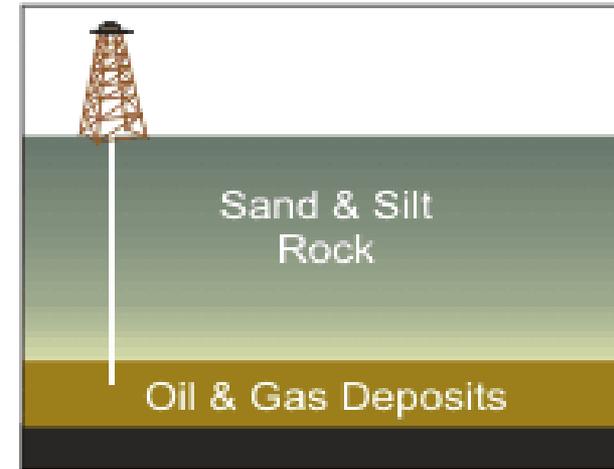

PETROLEUM & NATURAL GAS FORMATION

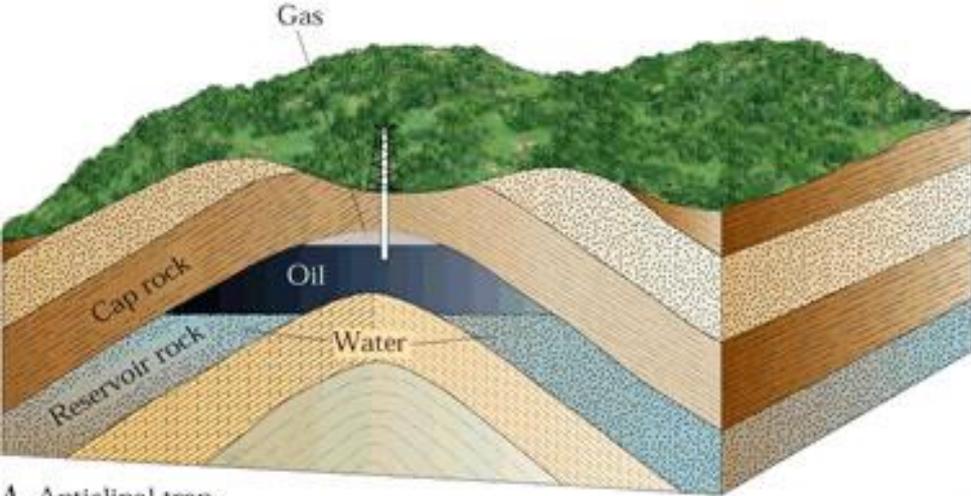

Tiny sea plants and animals died and were buried on the ocean floor. Over time, they were covered by layers of silt and sand.

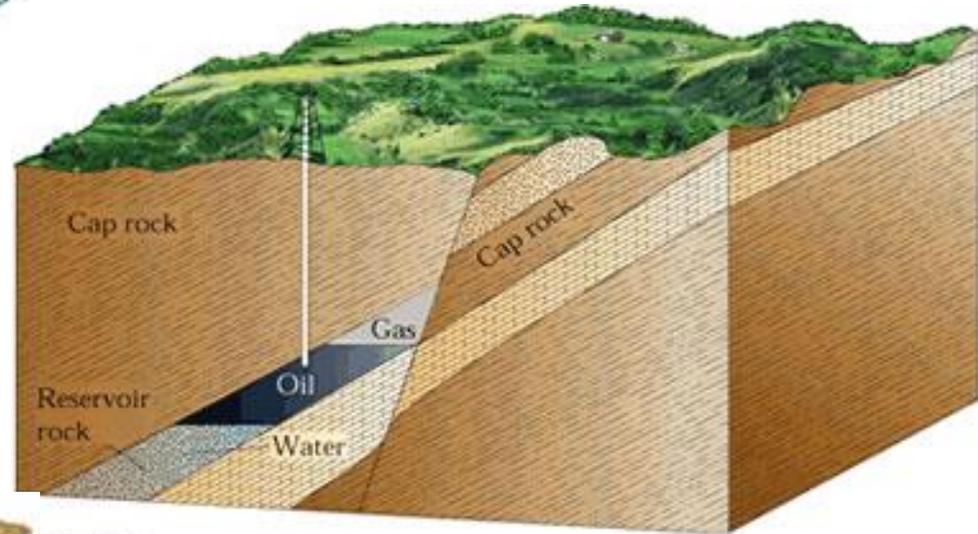

Over millions of years, the remains were buried deeper and deeper. The enormous heat and pressure turned them into oil and gas.

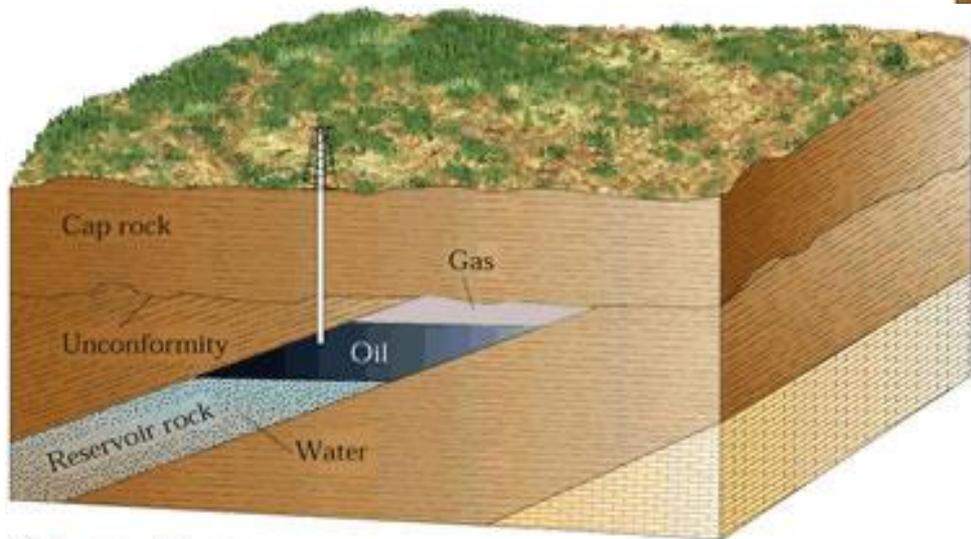

Today, we drill down through layers of sand, silt, and rock to reach the rock formations that contain oil and gas deposits.

TURİZM VE EĞLENDİRİLEN (REKREASYON)

1. EĞLENDİNLEN (REKREASYON)

Rekreasyon, insanların yaşamlarında yapması zorunlu olan (örneğin yemek, uyumak, çalışmak vb.) durumlar dışında kalan serbest zamanda uygulanan aktivitelerdir. Toplumların kültürel ve ahlaki gelişimi büyük oranda serbest zaman kullanımını şekline bağlıdır. Rekreasyon serbest zamanda yapılır. Rekreasyonla kişi gönüllü olarak ve tamamen kendi arzusu ile katıldığı etkinliklerde bulunur. Rekreasyon faaliyeti kişisel ve toplumsal fayda sağlar.

2. TURİZM

Dinlenmek, eğlenmek, görmek ve tanımak gibi amaçlarla yapılan geziler ve bir ülkeye veya bir bölgeye gezmen (turist) çekmek için alınan ekonomik, kültürel, teknik önlemlerin, yapılan çalışmaların tümüdür.

► Sağlık ve Termal Turizmi

Zengin ve şifalı termal sulara sahip olan Türkiye, bir kaplıca cennetidir ve nitelikli tesisleriyle şifa arayanları beklemektedir...

► Yayla Turizmi

Kendine has coğrafya ve iklime sahip olan Türkiye' nin zengin yaşama kültürü içindeki yayla yaşantısı önemli bir yer tutar...

► AV Turizmi

Türkiye' nin coğrafi yapısı, bitki örtüsü ve yaban hayatı, avcılığa ve av turizmine ilgi duyanlara önemli bir potansiyel sunar...

► Kış Turizmi
