Toprak Gelişimi

Toprak vs Regolit

Toprak

= regolit'in ayrılmış kısmı

Regolit

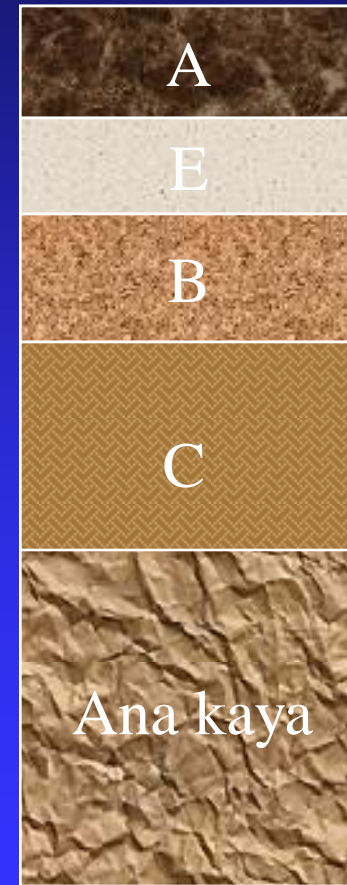

= ana kaya üzerindeki
gevşek materyal

■ Toprak Profili

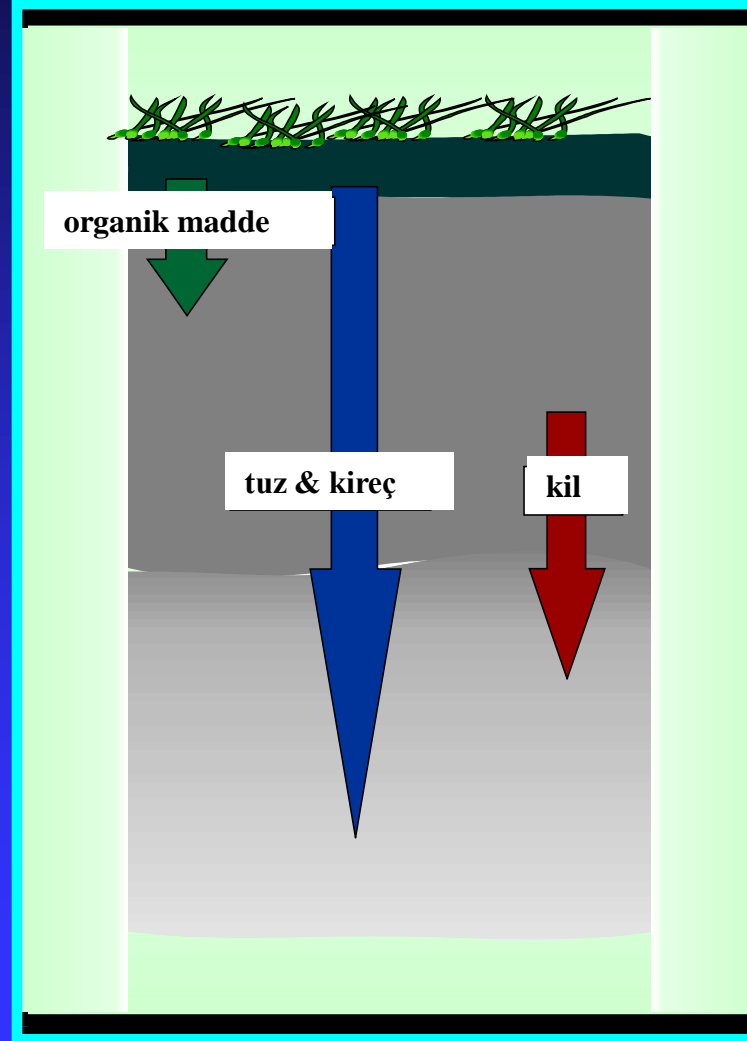

- ⇒ horizon olarak adlandırılan karakteristik katmanları içerir

gelişim

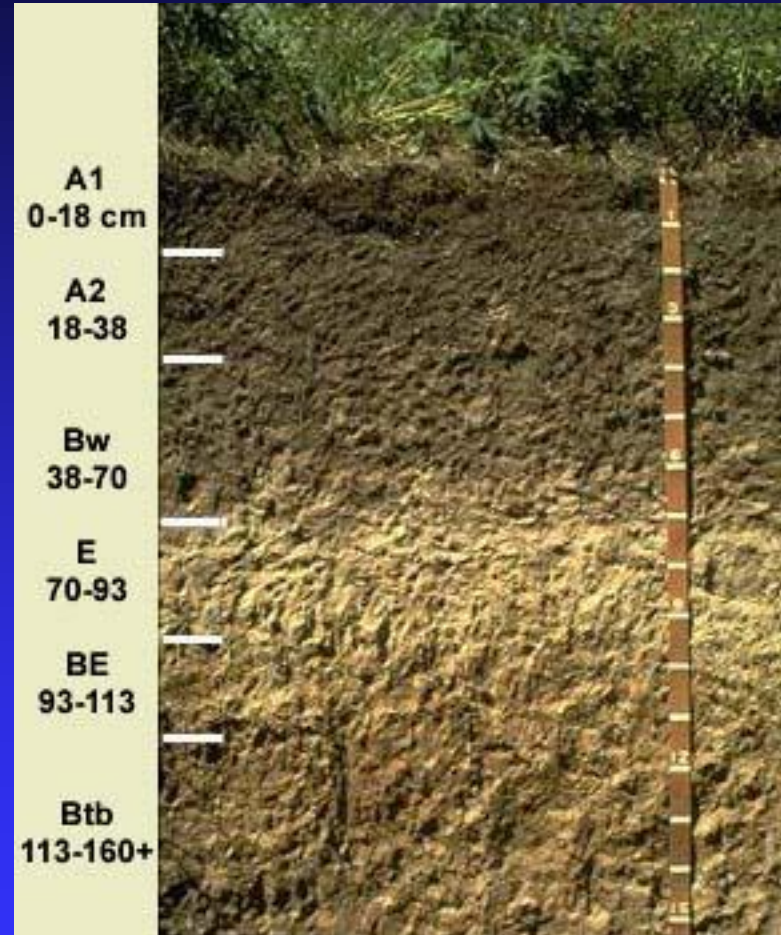

Toprak Profiline Materyal Yer-değişimleri / Toprak Gelişimi

Toprak Profili

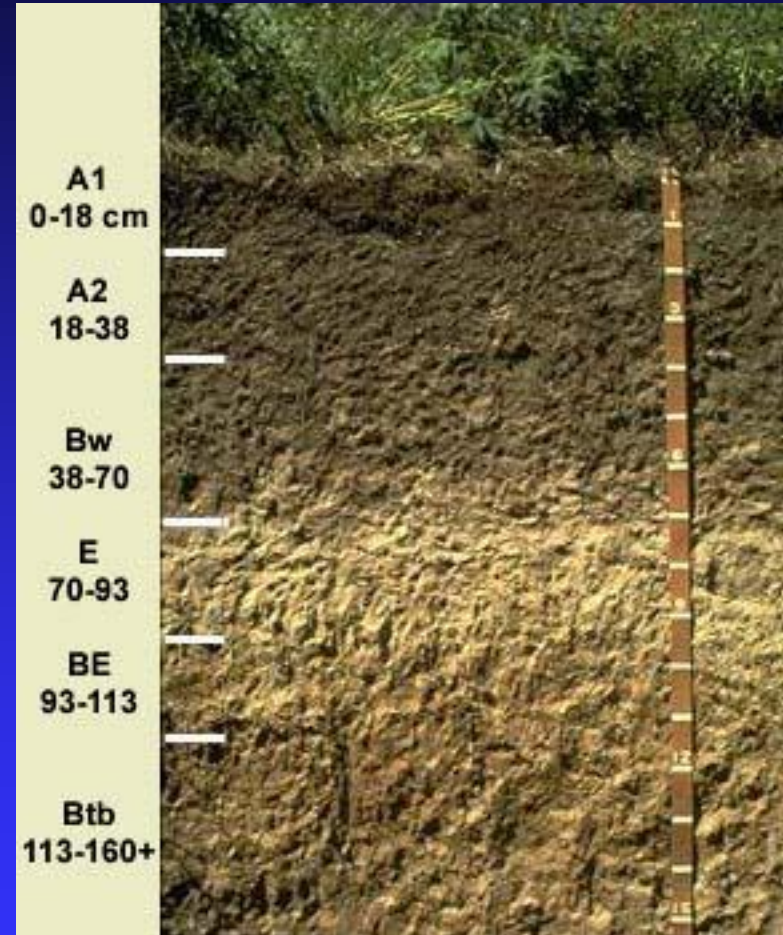

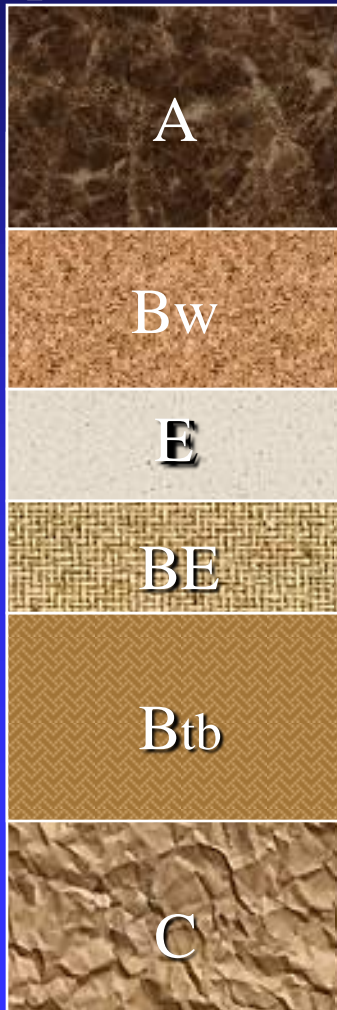

Argixerol

Toprak Horizonları

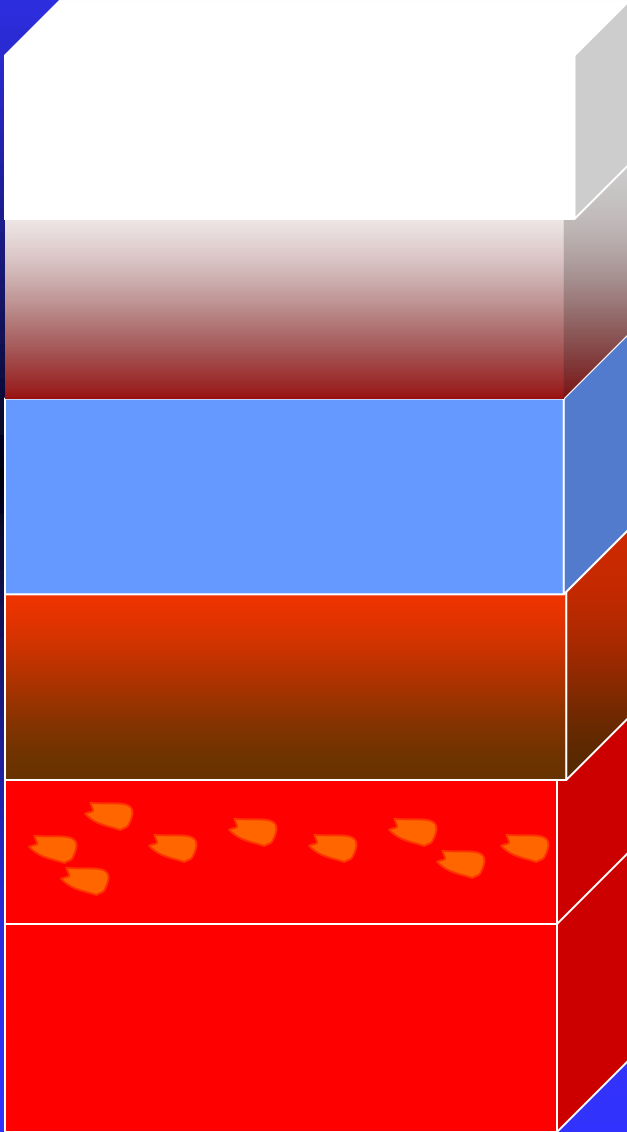

Toprak Profili

Toprak Horizonları

Argixerol

Başlıca Horizonlar

O horizonu-Organik

A horizonu-Mineral & Organik

E horizonu-Yıkanma (Kayıp)

B horizonu-Birikme (Kazanç)

C horizonu- Ana materyalden pek az ayrışım

R horizonu- Anakaya
