Controller Ekleme

Controller Ekleme

```
0 references
public class MerhabaDunyaController : Controller
{
    //
    // GET: /MerhabaDunya/

    0 references
    public ActionResult Index()
    {
        return View();
    }
}
```

```
0 references
public class MerhabaDunyaController : Controller
{
    //
    // GET: /MerhabaDunya/

    0 references
    public string Index()
    {
        return "Bu bizim <b>varsayılan</b> action'ımızdır.";
    }
}
```

Bu bizim **varsayılan** action'ımızdır.

Controller Ekleme

0 references

```
public class MerhabaDunyaController : Controller
{
    //
    // GET: /MerhabaDunya/
    0 references
    public string Index()
    {
        return "Bu bizim <b>varsayılan</b> action'ımızdır...";
    }

    //
    // GET: /MerhabaDunya/Hosgeldin/
    0 references
    public string Hosgeldin()
    {
        return "Bu bizim Hoşgeldiniz action'ımızdır...";
    }
}
```

Bu bizim **varsayılan** action'ımızdır.

Bu bizim Hoşgeldiniz action'ımızdır...

Controller Ekleme
